

# Your child matters

Personalized support for a very important child: yours

## Child Care Solutions

Making sure your child has high-quality, dependable care takes planning and preparation. Leave the legwork to us. Our caring, courteous specialists have the training and expertise to locate the right child care and put your mind at ease.

### How do we help? Our specialists do all this and more

- Research and prescreen a wide variety of child care options, from nannies to daycare centers to before- and after-school programs.
- Provide referrals for special needs resources, services and support.
- Consult and guide you through day-to-day caregiving challenges and long-term care plans.
- Refer providers, services, and resources for every age and stage of your child's development

**Plus access our website anytime** for parenting resources, including guides, monthly live talks, webinars and articles. We've brought it all together for you in one place to ensure that your child gets the best care—and you rest easy.
