

College Support

Transitioning to college is a major undertaking – for parents as well as students. Sorting through college options, figuring out financial aid, and navigating admissions requirements can be overwhelming. Our specialists are here 24/7 to provide assistance and educate you on ways to save time and money.

- **KNOWLEDGEABLE:** Our specialists have the training to guide you every step of the way, from starting the college search to applying for scholarships, loans and grants.
- **CARING:** College is a stressful time. Our specialists have been through it themselves—as students and as parents of college-age children. We take time to understand your unique needs.
- **COMPREHENSIVE:** We have years of experience in researching and referring tutors, SAT and ACT test prep services, financial aid counselors, college admissions advisors, and academic programs.
- **CONVENIENT:** Visit our website anytime for calculators, checklists, webinars, and articles on everything from admissions tests to packing for college.
