

HOW TO READ YOUR Quarterly TSP Participant Statement

Your Thrift Savings Plan (TSP) participant statement is available in the My Account section of the TSP website or, if you prefer, you can ask to have the statement sent to you after the end of each calendar quarter. (Calendar quarters end March 31, June 30, September 30, and December 31.) Mailed statements exclude transaction details broken down by investment fund. If you would like to have this level of detail and you do not have Internet access, you can call the ThriftLine (1-877-968-3778) to request it.

Your TSP participant statement provides valuable information about your account. It is one of the best sources of information about the activity in your TSP account and the personal information the TSP has on file for you.

Because the statement replicates the information in your TSP record, it is important for you to review it. Report any information in it that you believe is incorrect to your agency or service (if you are active) or to the TSP (if you have left Federal service).

To better understand your statement, read the text shown in blue throughout this leaflet. It explains the information in the different sections of your statement.

If your name or address shown on the statement is not correct, please contact your agency or service if you are active. Do not rely on change of address information you submit to the U.S. Postal Service; it does not update your TSP account record.

If you are separated, you can change your address in My Account at tsp.gov (Personal Information, Profile Settings), submit Form TSP-9, or contact the TSP.

To move your money among the funds, you must do an interfund transfer. Log into My Account on the TSP website (with your account number and Web password or custom ID), or call the ThriftLine (and use your account number and ThriftLine PIN).

Any loan activity in your account is summarized in this section. This section only appears if you have a TSP loan or loans, and you will see only those columns that apply to your loan activity. Quarterly loan transaction details are shown in Your Transaction Detail by Source.

This section tells you which source of money is affected by each transaction during the statement period. Interfund transfers are not displayed in this section because they do not affect any particular source of money.

This section appears only on your statement in the My Account section of the TSP website at tsp.gov. Mailed statements do not include this detail and end with Your Transaction Detail by Source. You can call the ThriftLine and ask to have a copy of the online version mailed to you.

This section lists your quarterly transactions (including interfund transfers) for each fund in which you are invested and the number of shares that were bought and sold as a result of the transaction. The transactions in the Your Transaction Detail by Source section are repeated here, but they are displayed under the funds they affect. (Only the G Fund is shown in this example, but the categories shown here will be displayed for all the funds in which you are invested.)
